SIR:

**REQUEST FOR RESETTING TIME PERIOD FOR RESPONSE
AND REVIVAL OF APPLICATION IN VIEW OF NON RECEIPT
OF PATENT AND TRADEMARK OFFICE COMMUNICATION,
OR IN THE ALTERNATIVE, PETITION TO REVIVE**

In accordance with MPEP § 711.03(c) Section, II, applicant hereby requests that the subject application be revived and the period for responding to the Notice of Missing Parts, apparently issued November 29, 2000, be reset.

As set forth in the Declarations of Wendell Dunn and Peter J. Phillips enclosed herewith, applicants' attorneys have established docketing procedures for communications received from the Patent and Trademark, but have no record of having received the Notice, in either its docket records or application file.

Applicants respectfully request that the application be revived and the period be reset for responding to the Notice, without any petition or other fee being due by applicant, because applicant

Applicants : Xin & Julian Z. Weinberger
 Serial No. : 09/657,
 Filed : September 8, 2000

was not at fault, having not received the Notice or been aware of its issuance until December 5, 2001. In the event that the Patent and Trademark Office deems a Petition to be required to obtain the requested relief, applicant hereby petitions for such relief and authorizes the fee in connection therewith to be charged to deposit account no. 03-3125.

If the Patent and Trademark Office has any questions regarding this Request/Petition, kindly telephone the undersigned attorney.

1. I am and have been since 1990 a partner at Cooper & Dunham LLP, and have been admitted to practice before the U.S.P.T.O ("PTO") as a registered attorney since 1979.
2. I have responsibility for the above-identified patent application, which I filed in the PTO on September 8, 2000.
3. Prior to December 5, 2001, the only communication which I recall receiving from the PTO is a return postcard, a copy of which is attached. The application file for this application which I maintain contains no other communication from the PTO.

Applicants : Xin Qu & Judah Z. Weinberger
Serial No. : 09/657,701
Filed : September 8, 2000

4. On December 5, 2001, after I instructed my secretary to make an inquiry to the PTO regarding the status of the application, I learned for the first time that the PTO had apparently issued a Notice of Missing Parts on November 29, 2000, and the application had apparently become abandoned for not responding to the Notice. I requested from the PTO that a copy of the Notice be sent to us, but to date have not received it.
5. I hereby declare that all statements herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this declaration is directed.
